## Year 6 transition projects

Project Title	The Year 6 Art Challenge- Go!
Why is this important for me?	<p>This project has been designed crammed full of fun tasks for you to experiment, learn and experience a wide selection of different ways to create art using simple materials.</p> <p>It will introduce you to the work of several artists and give you opportunities to try some tasks yourself or even with the help of other family members! The key is to have fun and have a go!</p>
General overview of project / what do I need to do?	<p>The project consists of 14 mini challenges which are all completely separate. If you don't have the resources for a task you can improvise or just miss it out.</p> <p>You need to look at each slide and work out what it's asking you to do. Try to do one task at a time and give it your all!</p> <p>Depending on what access you have to a computer you can choose how to present your work. Ideally it should be collected together and each task printed off, PowerPoint is ideal for doing this! If you can't print it you could email the finished project to <a href="mailto:info@woodham.org.uk">info@woodham.org.uk</a> with your <b>name and Transition Art Project</b> as the subject of the email.</p>
Pictures / examples of work / expectations	Examples of work are included on each task sheet.
Resources and websites needed	<p>You will need to access the Art document on the Woodham Academy website and download it or print it off.</p> <p>You might also want to access the internet to research ideas for some of the tasks/artists.</p> <p>Some tasks suggest links to YouTube videos or apps which might help but they are not essential so if you can't get onto them it's not a problem.</p>
Any other information	
Do you need help?	If you need any extra help with the projects, please contact <a href="mailto:info@woodham.org.uk">info@woodham.org.uk</a> and we will get back to you asap.
