

Science

Year 6 transition projects

Project Title	To infinity and beyond
Why is this important for me?	This will help you gain and develop key skills that are required in KS3 Science. It will support you in learning new concepts, which are introduced in Year 7, but are not taught in primary schools
General overview of project / what do I need to do?	<p>Interactive booklet based learning using: Videos, Animations and interactive web based software.</p> <p>Students work through the different areas, learning about the history of the earth, life on earth, Space and the solar System , forces and gravity and simple Math skills used in science.</p>
Pictures / examples of work / expectations	Completed booklet
