Introduction

- Sections 175 of the Education Act 2002 and Education (Independent School Standards) Regulations 2014.
- Working Together To Safeguard Children HM Government 2018
- Keeping Children Safe in Education (KCSIE) DfE 2020
- School's duty under the Children Act 2004, to co-operate with other organisations and agencies.
- *What To Do If You Are Worried A Child is Being Abused* 2015
- Recommendations from national and local Serious Case Reviews
- Statutory Framework for the Early Years Foundation Stage Section 3 – The Safeguarding And Welfare Requirements March 2017
- Sexual Violence and sexual harassment between children in schools and colleges DfE 2018

This policy applies to all adults, including volunteers, working in or on behalf of the school.

Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families and carers has a role to play. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child.

Keeping Children Safe in Education (KCSIE) DfE 2021

Safeguarding includes the establishment and implementation of procedures to protect children from deliberate harm, however, safeguarding also encompasses all aspects of pupils' health, and safety and well-being (see Appendix K Related school safeguarding policies).

Woodham Academy is committed to ensuring the welfare and safety of all children in school. The Academy will, in most circumstances, endeavour to discuss all concerns with parents about their child/ren. However, there may be exceptional circumstances when the school will discuss concerns with Social Care and/or the Police without parental knowledge (in accordance with Child Protection procedures). The school will, of course, always aim to maintain a positive relationship with all parents. The Academy's child protection policy is available publicly (On School Website)

School Commitment

The Designated Safeguarding Lead is: Mrs Kelly Reynolds

And the person who deputises in their absence is: Mrs Sarah McGinnety.

The Academy is committed to Safeguarding and Promoting the Welfare of all of its pupils. Each pupil's welfare is of paramount importance. We recognise that some children *may* be especially vulnerable to abuse e.g. those with Special Educational Needs and Disabilities, those living in adverse circumstances. We recognise that children who are abused or neglected may find it difficult to develop a sense of self-worth and to view the world in a positive way. Whilst at school, their behaviour may be challenging. We recognise that some children who have experienced abuse may harm others. We will always take a considered and sensitive approach in order that we can support all of our pupils.

Multi-agency working

The Academy has a pivotal role to play in multi-agency safeguarding arrangements and contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children 2018.

The Academy will be fully engaged with the new safeguarding arrangements working with the Durham Safeguarding Children Partnership and other services to ensure that the children and young people in their care are safeguarded.

Roles and Responsibilities

The Governing Body

- the Academy complies with the Local Authority's arrangements to promote co-operation between itself, the school and relevant partners and organisations who are engaged in activities relating to children
- the Academy contributes to inter-agency working in line with statutory guidance Working Together to Safeguard Children
- there is a clear accountability for the commissioning and / or provision of services designed to safeguard and promote the welfare of children
- there is a nominated governor to take leadership responsibility for the school's safeguarding arrangements
- the Academy has a child protection policy and procedures in place. They are in accordance with government guidance and refer to locally agreed inter-agency procedures put in place by the DSCP, are updated annually, and available publicly either via the school website or by other means
- Governing Bodies should recognise the expertise that staff build by undertaking safeguarding training and managing safeguarding concerns on a daily basis. Opportunity should therefore be provided for staff to contribute to and shape safeguarding arrangements and child protection policy
- the child protection policy and procedures are provided to and read by all staff, including temporary staff and volunteers, on induction.
- all governors read at least part two of KCSIE 2020

- all staff read at least part one of KCSIE 2020 and all leaders and staff who work directly with children read Annex A of KCSIE 2020
- mechanisms are in place to assist staff to understand and discharge their role and responsibilities as set out in Part one of KCSIE 2020.
- all staff undertake appropriate child protection training
- a senior member of the Academy's leadership team is designated to take lead responsibility for safeguarding and child protection (Designated Safeguarding Lead). This is explicit in the DSL's job description (Annex B KCSIE) and the need for a deputy DSL is reviewed
- the DSL has the appropriate authority and the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings – and/or to support other staff to do so – and to contribute to the assessment of children
- information regarding the role of the DSL is provided to all staff and volunteers on induction
- a designated teacher is appointed and appropriately trained to promote the educational achievement of children who are looked after and have previously been looked after, (children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales,) and should work with the Virtual School Head. At Woodham Academy, this is Mrs Sarah McGinney.
- staff have the skills, knowledge and understanding necessary to keep looked after, and previously looked after children safe
- appropriate staff have the information they need in relation to a child's looked after legal status
- the Academy prevents people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required and ensuring volunteers are appropriately supervised
- the school has written recruitment and selection policies and procedures in place
- at least one person on any appointment panel has undertaken safer recruitment training
- the school has a staff behaviour policy (code of conduct) which should amongst other things include acceptable use of technologies, staff/pupil relationships and communications including the use of social media. This is provided to all staff, including temporary staff and volunteers, on induction
- staff and governors adhere to the Academy's policy on acceptable use of technologies and communication using technologies.
- the school has a [code of conduct for governors](#)
- the school has procedures for dealing with allegations of abuse against staff and volunteers that comply with guidance from the Durham Safeguarding Children Partnership (DSCP) and locally agreed inter-agency procedures
- the chair of governors liaises with the LADO and/or partner agencies in the event of allegations of abuse being made against the Headteacher
- there are procedures in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has harmed or poses a risk of harm to a child or vulnerable adult and the individual has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left
- children are taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. This may include covering

relevant issues through personal, social, health and careers education (PSHE), and/or through relationships and sex education (RSE)

- children are safeguarded from potentially harmful and inappropriate online material. Ref KCSIE Annex C
- appropriate filters and appropriate monitoring systems are in place so children are safeguarded from potentially harmful and inappropriate online material. (Ref KCSIE para 92)
- all staff and governors recognise that children may abuse their peers, and that this should not be tolerated or passed off as ‘banter’ or ‘part of growing up. Any allegations of peer abuse and concerns about sexual violence and sexual harassment, physical abuse, youth produced sexual imagery, (sexting,) initiation/hazing¹ type violence and rituals must be reported to the DSL and DSCP guidance and procedures must be followed. There should be a whole establishment approach to preventing sexual violence and sexual harassment between children. Policy and procedures are in place with regards to peer on peer abuse and followed by all staff (ref KCSIE paras 30, 105-106, and KCSIE Part 5 Child on Child Sexual Violence and Sexual Harassment).
- the Academy has due regard to the duties to prevent people from being drawn into terrorism
- all staff understand the risk factors regarding female genital mutilation and known cases are reported
- appropriate safeguarding responses are in place for children who go missing from education (ref KCSIE para 13,) including the statutory duty to notify the LA, as appropriate, when a pupil’s name is about to be deleted from the school admission register
- where services or activities are provided on the Academy’s premises by another body, the body concerned has appropriate policies and procedures in place in regard to safeguarding children and child protection and liaises with the Academy on these matters where appropriate
- there is an annual review of policies and procedures
- any deficiencies or weaknesses regarding child protection arrangements, whenever identified, are remedied without delay
- when there is a safeguarding concern the child’s wishes and feelings are taken into account when determining what action to take
- staff are aware that children with SEN and disabilities can face additional safeguarding challenges and additional barriers can exist when recognising abuse and neglect in this group of children

The Headteacher

- the policies and procedures adopted by the Governing Body or Proprietor, particularly concerning referrals of cases of suspected abuse and neglect, are fully implemented and followed by all staff
- they liaise with the LADO and partner agencies in the event of allegations of abuse being made against a member of staff or volunteer
- they receive appropriate safeguarding and child protection training which is regularly updated

¹ **Hazing:** is any action taken or any situation created intentionally that causes embarrassment, harassment or ridicule and risks emotional and/or physical harm to members of a group or team, whether new or not, regardless of the person’s willingness to participate.

The Designated Safeguarding Lead

The DSL role is set out in full in KCSIE 2020 Annex B and this should be explicit in the DSL's job description. At Woodham Academy they are a senior member of staff on the school's leadership team and take lead responsibility for safeguarding and child protection (including online safety). They will be given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings, and/or to support other staff to do so, and to contribute to the assessment of children.

The DSL and Deputy will:

Manage referrals

- Refer cases of suspected abuse to First Contact
- Support staff who make referrals to local authority children's social care
- Refer cases of suspected radicalisation directly through to First Contact
- Support staff who make referrals to the Channel panel
- Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and
- Refer cases where a crime may have been committed to the Police as required
- If after a referral the child's situation does not appear to be improving the DSL (or the person that made the referral) should press for re-consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves

Work with others

- Act as a point of contact with the safeguarding partners
- As required, liaise with the lead professional and the LADO for child protection concerns in cases which concern a staff member
- Liaise with the Headteacher to inform them of issues especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations
- For Looked-After children have available the details of the child's social worker and the name of the virtual school head in the authority that looks after the child
- Liaise with staff on matters of safety and safeguarding (including online and digital safety,) and when deciding whether to make a referral by liaising with relevant agencies; and
- Act as a source of support, advice and expertise for staff

Undertake training

- Undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years.
- Undertake Prevent awareness training.
- Refresh their knowledge and skills (this might be via e-bulletins, meeting other DSLs, or simply taking time to read and digest safeguarding developments and news such as those provided by the DSCP and NSPCC) at regular intervals, as required, but at least annually, to allow them to understand and

keep up with any developments relevant to their role so they:

- Understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments;
- Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- Ensure each member of staff has access to and understands the school's or college's child protection policy and procedures, especially new and part time staff;
- Are alert to the specific needs of children in need, those with special educational needs and young carers;
- Understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the General Data Protection Regulation (GDPR).
- Are able to keep detailed, accurate, secure written records of concerns and referrals;
- Understand and support the academy with regards to the requirements of the Prevent duty, including online safety and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
- Obtain access to resources and attend any relevant or refresher training courses;
- Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them.
- Understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school;
- Recognise the additional risks that children with SEN and disabilities (SEND) face online, for example from online bullying, grooming and radicalisation and be confident and have the capacity to support SEND children to stay safe online.

Raise Awareness

- Ensure the school's child protection policies are known, understood and used appropriately.
- Ensure the school child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors and staff regarding this.
- Ensure the child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this; and
- Link with the DSCP to make sure staff are aware of training opportunities and the latest local policies on safeguarding arrangements.

Child protection file

- Where children leave the school or college ensure their child protection file is transferred to the new school or college as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit and confirmation of receipt should be obtained. Receiving schools should ensure that key staff such as DSLs and SENCOs are aware as required.

- In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.
- Ensure that CP records are retained for an appropriate length of time and the school has regard to any other requirement requiring specific retention periods. The current requirement under IICSA (Independent Inquiry into Child Sex Abuse) is that records of child sex abuse should be retained for the period of the inquiry.
- Ensure that the key worker in Prevention Service or Children’s Social Care is informed where the child leaves the school.

Availability

- During term time always be available (during school hours) for staff in the school or college to discuss any safeguarding concerns. Whilst generally speaking the DSL (or deputy) would be expected to be available in person, it is a matter for individual schools, working with the DSL, to define what “available” means and whether in exceptional circumstances availability via phone and or Skype or other such mediums is acceptable
- It is a matter for individual schools and colleges and the DSL to arrange adequate and appropriate cover arrangements for any out of hours/out of term activities
- It is a matter for individual schools and colleges as to whether they choose to have one or more deputy DSL(s). Any deputies should be trained to the same standard as the DSL.
- Whilst the activities of the DSL can be delegated to appropriately trained deputies, the ultimate lead responsibility for safeguarding and child protection, as set out above, remains with the DSL. This responsibility should not be delegated.

All School Leaders, Staff and Volunteers should:

- read at least part one and Annex A of KCSIE 2020
- receive appropriate child protection training which is regularly updated, (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively
- be aware of systems within their school or college which support safeguarding. These should be explained to them as part of staff induction. This includes: the school’s child protection policy; the school’s staff behaviour policy (sometimes called a code of conduct); the identity and role of the DSL and any deputies and the safeguarding response to children who go missing from education
- know what to do if a child tells them they are being abused or neglected and know how to manage the requirement to maintain an appropriate level of confidentiality. This means only involving those who need to be involved. Staff should never promise a child that they will not tell anyone about a report of abuse

- be aware of the process for making referrals to children’s social care and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) that may follow a referral, along with the role they might be expected to play in such assessments
- be aware of the signs of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection
- maintain an attitude of ‘it could happen here’ where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the **best** interests of the child
- where there are concerns about a child, **always** speak with the DSL
- if the DSL is not available, staff should speak to a member of the SLT and / or take advice from local children’s social care: First Contact 03000 267979 (KCSIE, 2021, para 28)
- understand that, whilst anyone can make a referral to Children and Families’ Service, the correct school procedure is to report any concerns to the DSL in the first instance. If after a referral the child’s situation does not appear to be improving the DSL (or the person that made the referral) should press for re- consideration to ensure their concerns have been addressed and, most importantly, that the child’s situation improves
- <http://www.durham-scp.org.uk/professionals/multi-agency-child-protection-procedures/e> and in exceptional circumstances, such as in an emergency or a genuine concern that action has not been taken, speak directly to First Contact 03000 267979. Where referrals are not made by the DSL inform the DSL as soon as possible, that a referral has been made
- have due regard to the duty to prevent people from being drawn into terrorism; report known cases of female genital mutilation and follow procedures when a child goes missing from education
- where there are concerns about another staff member, refer these concerns to the Headteacher
- where there are concerns about the Headteacher, refer these concerns to the Chair of Governors or LADO. To contact the Local Authority Designated Officer (LADO) please **call 03000 268835**
- raise concerns about poor or unsafe practices and potential failures in the school’s safeguarding regime and where necessary, have regard to whistleblowing procedures (The NSPCC whistleblowing helpline is available as an alternative route for staff who do not feel able to raise concerns regarding child protection failures internally or have concerns about the way a concern is being handled by their school or college. Staff can call 0800 028 0285 – or email: help@nspcc.org.uk)
- be aware of Durham County Council’s early help process and understand their role in line with Working Together to Safeguard Children 2018, and be particularly alert to the potential need for early help for a child who:
 - is disabled and has specific additional needs
 - has special educational needs (whether or not they have a statutory Education, Health and Care Plan)
 - is a young carer
 - is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
 - is frequently missing/goes missing from care or from home
 - is at risk of modern slavery, trafficking or exploitation
 - is at risk of being radicalised or exploited

- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
 - is misusing drugs or alcohol themselves
 - has returned home to their family from care
 - is a privately fostered child
- not assume a colleague or another professional will take action and share information that might be critical in keeping children safe and be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision. If in any doubt about sharing information, staff should speak to the designated safeguarding lead or a deputy. Fears about sharing information **must not** be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
 - speak to the designated safeguarding lead (or deputy) with regard to any concerns about female genital mutilation (FGM) and be aware that there is a specific **legal** duty on **teachers, if**, in the course of their work in the profession, they discover that an act of FGM appears to have been carried out on a girl under the age of 18, and that they **must** report this to the police

Concerns should always lead to help for the child at some point.

Identifying children and young people who are suffering or likely to suffer significant harm

Teachers and other adults in school are well placed to observe any physical, emotional or behavioural signs which indicate that a child may be suffering significant harm. The relationships between staff, pupils, parents and the public which foster respect, confidence and trust can lead to disclosures of abuse, and/or school staff being alerted to concerns.

Definitions

As in the Children Acts 1989 and 2004, a **child** is anyone who has not yet reached their 18th birthday.

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults, or another child or children

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say and how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate care-givers)
- ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Procedures

Taking action to ensure that children are safe at school and at home

All staff and volunteers follow the Academy procedures which are consistent with *Keeping Children Safe in Education 20120*; *Working Together to Safeguard Children 2018* and *What To Do If You Are Worried A Child is Being Abused 2015*

Contextual Safeguarding

The Academy recognises that Safeguarding incidents and/or behaviours can be associated with factors outside the Academy and/or can occur between children outside the Academy or college. All staff, but especially the designated safeguarding lead (and deputies) will consider the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. The school will provide as much information as possible as part of the referral process to First Contact.

Staff should recognise that children with SEN and disabilities can face additional safeguarding challenges. They must not assume that indicators of possible abuse such as behaviour, mood and injury relate to a child's disability without further exploration. They must remain alert to the fact that children with SEN and disabilities can be more prone to peer group isolation and disproportionately impacted by behaviours such as bullying, without outwardly showing any signs and may have communication barriers and difficulties in overcoming these barriers.

It is **not** the responsibility of the school staff to **investigate or determine the truth** of any disclosure or allegation of abuse or neglect. This includes allegations of peer abuse. All staff, however, have a duty to recognise concerns and maintain an open mind. All concerns indicating possible abuse or neglect will be recorded and discussed with the DSL (or in their absence with the person who deputises) prior to any discussion with parents.

a) Staff must immediately report:

- any suspicion that a child is injured, marked, or bruised in a way which is not readily attributable to the normal knocks or scrapes received in play
- any explanation given which appears inconsistent or suspicious
- any behaviours which give rise to suspicions that a child may have suffered harm (e.g. significant changes in behaviour, worrying drawings or play)
- any concerns that a child may be suffering from inadequate care, ill treatment, or emotional maltreatment
- any concerns that a child is presenting signs or symptoms of abuse or neglect
- any significant changes in a child's presentation, including non-attendance
- any hint or disclosure of abuse or neglect received from the child, or from any other person, including disclosures of abuse or neglect perpetrated by adults outside of the family or by other children or young people

- any concerns regarding person(s) who may pose a risk to children (e.g. staff in school or person living in a household with children present) including inappropriate behaviour e.g. inappropriate sexual comments; excessive one-to-one attention beyond the requirements of their usual role and responsibilities; or inappropriate sharing of images
- any concerns relating to peer abuse
- any concerns relating to youth produced sexual imagery (sexting)
- any concerns relating to a child's engagement with extremist groups or ideologies

b) Responding to Disclosure

Disclosures or information may be received from pupils, parents or other members of the public. The Academy recognises that those who disclose such information may do so with difficulty, having chosen carefully to whom they will speak. Accordingly, all staff will handle disclosures with sensitivity. Students with communication difficulties, where they have been identified as a barrier to communication are allocated a key worker who has regular contact with the student as a matter of course.

Such information cannot remain confidential and staff will immediately communicate what they have been told to the DSL and make a contemporaneous record. If in doubt about recording requirements staff should discuss with the DSL.

c) Principles

Staff will **not** investigate but will, wherever possible, elicit enough information to pass on to the DSL in order that s/he can make an informed decision of what to do next.

Staff will:

- listen to and take seriously any disclosure or information that a child may be at risk of harm
- try to ensure that the person disclosing does not have to speak to another member of school staff
- clarify the information
- try to keep questions to a minimum and of an 'open' nature e.g. 'Can you tell me what happened?' rather than 'Did x hit you?'
- not ask leading questions
- try not to show signs of shock, horror or surprise
- not express feelings or judgements regarding any person alleged to have harmed the child
- explain sensitively to the person that they have a responsibility to refer the information to the senior designated person
- reassure and support the person as far as possible
- explain that only those who 'need to know' will be told
- explain what will happen next and that the person will be involved as appropriate and be informed of what action is to be taken

d) Action by the DSL (or Deputy DSL in their absence)

The following actions will be taken where there are concerns about significant harm to **any child, including where there is already an open case to Children's Social Care**, (e.g. Looked after Child).

Following any information raising concern, the DSL will consider:

- if they believe there is immediate risk of significant harm to a child and therefore should contact the Police on 999 and speak to the relevant Police force of where the child lives
- if they should report a crime that does not need an emergency response by calling 101
- if there is an urgent safeguarding concern they should call First Contact on 03000 267979.
- any urgent medical needs of the child
- whether to make an enquiry to the First Contact (03000 267979) to establish if the child is or has been subject to a Child Protection Plan
- discussing the matter with other agencies involved with the family
- consulting with appropriate persons, use First Contact to establish who this might be
- the child's wishes and any fears or concerns they may have

Then decide:

- wherever possible, to talk to parents, unless to do so may place a child at risk of significant harm
- whether to make a referral to First Contact because a child is suffering or is likely to suffer significant harm and if this needs to be undertaken immediately

OR

- not to make a referral at this stage
- if further monitoring is necessary
- if it would be appropriate to complete an Early Help Assessment form and/or make a referral for other services

Consent

It is good practice that agencies work in partnership with parents and carers and they are informed of your concerns with consent obtained for referrals.

Consent is always required for referrals to services such as One Point, without it, the services available to the family may be limited.

Consent is not required should you believe informing the parents or carers would place a child at significant risk of harm.

Where consent has not been obtained, and professionals feel that a referral is still warranted, they should submit a referral detailing their actions and inform parent and carers of their actions. In cases of suspected Child Sexual Abuse in the family and Fabricated or Induced Illness it is best practice NOT to inform the family of the referral.

All information and actions taken, including the reasons for any decisions made, will be fully documented.

All referrals to Children and Families' Service will be made by submitting an Early Help Assessment form available at: <https://durham-scp.org.uk/concerned-about-a-child/>

e) Action following a child protection referral

It is the responsibility of all staff to safeguard children. It is the role of the DSL (or appropriately trained Deputy DSL) to attend multi-agency meetings and provide reports for these. Other staff in school, however, may be asked to contribute.

The DSL will:

- make regular contact with Children's Social Care
- contribute to the Strategy Discussion and all assessments
- provide a report for, attend and contribute to any subsequent Child Protection Conference
- if the child has a Child Protection Plan, contribute to the Child Protection Plan and attend Core Group Meetings and Review Child Protection Conferences
- where possible, share all reports with parents prior to meetings
- where in disagreement with a decision made e.g. not to apply Child Protection Procedures or not to convene a Child Protection Conference, follow the advice from <https://www.proceduresonline.com/durham/scb/>
- where there is significant information in respect of a child subject to a Child Protection Plan, **immediately** inform the key worker or their manager in Children's Social Care e.g. any significant changes or concerns, departures from the CP plan, child moves/goes missing/is removed from school or fails to attend school

f) Recording and monitoring

School will record:

- information about the child: name (aka), address, dob., those with parental responsibility, primary carers, emergency contacts, names of persons authorised to collect from school, any court orders, if a child is or has been subject to a CP Plan.
- key contacts in other agencies including GP details
- any disclosures/accounts from child or others, including parents (and keep original notes)

- significant contacts with carers/other agencies/professionals
- all concerns, discussions, decisions, agreements made and actions taken and the reasons for these (dated, timed and signed, to include the name and agency/title of the person responsible/ spoken to), the plan to protect the child and arrangements for monitoring/review

All records should be objective and include:

- statements, facts and observable things (what was seen/heard)
- diagram indicating position, size and colour of any injuries (not photograph)
- words child uses, (not translated into 'proper' words)
- non-verbal behaviours

All sensitive and CP records are kept confidential and are only accessible to those who need to know.

If the child goes missing from education or is removed from roll to be educated at home then any Child Protection file should be copied and the copy sent to Margot Bland, School Places and Admissions, Durham County Council, Children and Young People's Services, County Hall, Durham DH1 5UJ Tel. 03000 265902

When sharing confidential information about a member of staff or pupil, the school has regard to the data protection principles, which allow them to share personal information, as provided for in the Data Protection Act 2018, and GDPR 2018 where relevant, the Education (Pupil Information) (England) Regulations 2005 and the Freedom of Information Act 2000. Advice on information sharing advice for practitioners can be accessed [here](#).

The school notes that Keeping Children Safe in Education (2018), para 75: 'The Data Protection Act 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare and protect the safety of children' 'This includes allowing practitioners to share information without consent.' para 77.

School will monitor:

Any cause for concern including where there could be serious child welfare concerns e.g.

- Injuries/marks
- Attendance
- Changes e.g. mood/ academic functioning
- Relationships
- Language
- Behaviour
- Demeanour and appearance

- Statements, comments
- Medicals
- Stories, 'news', drawings
- Response to P.E./Sport
- Family circumstances
- Parental behaviour/ care of child
- Online activity

The DSL will review all monitoring arrangements in the timescale and manner determined by circumstances, recorded and clearly understood by all concerned.

f) Supporting the Child and Partnership with Parents and Carers

- School recognises that the child's welfare is paramount, however good child protection practice and outcome relies on a positive, open and honest working partnership with parents and carers.
- Whilst we may, on occasion, need to make referrals without consultation with parents and carers, we will make every effort to maintain a positive and supportive working relationship with them whilst fulfilling our duties to protect any child.
- We will provide a secure, caring, supportive and protective relationship for the child.
- Children will be given a proper explanation (appropriate to age & understanding) of what action is being taken on their behalf and why.
- We will endeavour always to preserve the privacy, dignity and right to confidentiality of the child, parents and carers. The DSL will determine which members of staff 'need to know' personal information and what they 'need to know' for the purpose of supporting and protecting the children.

SAFEGUARDING APPENDICES

Appendix A - Allegations regarding person(s) who work with Children

Where an allegation is made against any person working in or on behalf of the school, or any other person who works with children, that they have:

- a. behaved in a way that has harmed a child or may have harmed a child
- b. possibly committed a criminal offence against or related to a child or
- c. behaved towards a child or children in a way that indicates they may pose a risk of harm to children

The school will apply the same principles as in the rest of this document.

However, allegations management in the school will be undertaken by the Headteacher or principal or (where the Headteacher or principal is the subject of an allegation) the chair of governors or the chair of the management committee or proprietor of an independent school (the 'case manager').

The Academy will always follow: The Durham Local Authority guidance and [DfE Guidance Keeping Children Safe in Education](#) 2020 part 4:

The Academy will immediately contact the Duty Local Authority Designated Officer (LADO) on 03000 268835:

Where a child may have suffered significant harm the school will also submit a referral to First Contact and also make a phone call.

Detailed and accurate records will be made to include decisions, actions taken, and reasons for these. All records will be retained securely on the Academy information system (CPOMS)

Initial Action

- The person who has received an allegation or witnessed an event **MUST** immediately inform the Headteacher, (the case manager,) make a record and have regard to the school's whistleblowing procedure
- In the event that an allegation is made against the Headteacher the matter will be reported to the alternative 'case manager' as described above
- In the event of an allegation being made against the Headteacher where they are also the sole proprietor of an independent school, allegations will be reported directly to the LADO.
- The case manager will take steps, where necessary, to secure the immediate safety of children and any urgent medical needs
- The member of staff will not be approached at this stage unless it is necessary to address the **immediate** safety of children

- The case manager may need to clarify any information regarding the allegation, however no person will be formally interviewed or asked to write a formal statement at this stage
- The case manager will consult with the Duty LADO (03000 268835) in order to determine if it is appropriate for the allegation to be dealt with by school or if there needs to be a referral to First Contact and/or the police for investigation
- Consideration will be given throughout to the support and information needs of pupils, parents and staff

Please also refer to the school's disciplinary procedures policy.

Appendix B - Confidentiality

The Academy has regard to [DfE guidance on Information Sharing](#):

'Fears about sharing information cannot be allowed to stand in the way of the need to safeguard and promote the welfare of children and young people at risk of abuse or neglect.'

The Academy ensures the child's wishes or feelings are taken into account when determining what action to take and what services to provide to protect individual children through ensuring there are systems in place for children to express their views and give feedback. The Academy ensures that staff members do not promise confidentiality to the child and always act in the interests of the child.

The Academy understands that:

- information must be shared with police and First Contact where the child/young person is / may be at risk of significant harm
- when the pupil's and/or parent's confidentiality must not be breached

Appendix C - Contacts

First Contact – 03000 267979

Early Help Advice (Sheena Wyness) – 03000 266467

One Point – Newton Aycliffe 03000 261118

One Point – Ferryhill 03000 261113

One Point – Bishop Auckland 03000 26119

Appendix D - Curriculum

The Academy is committed to ensuring that pupils are aware of behaviour towards them that is not acceptable, how they can keep themselves safe, how to share a concern and complain. All pupils are informed that we have a Designated Safeguarding Lead with responsibility for child protection and who this is. We inform pupils of whom they might talk to, both in and out of school, their right to be listened to and heard and what steps can be taken to protect them from harm.

The Academy is committed to ensuring there are opportunities in the school curriculum, for example through the Personal, Social, Health Education (PSHE) curriculum and by providing an age-related, comprehensive curriculum, for pupils to be taught about aspects of safeguarding in order to develop the knowledge and skills they need to recognise when they are at risk and how to get help when they need it including on-line safety. We do this by:

- developing healthy relationships and awareness of sexual violence and harassment, bullying, prejudice based bullying and violence based on a person's sexual orientation, gender, faith or race, hate crime, relationship abuse, and other abuse
- recognising and managing risks including online, cyber bullying, online grooming for sexual exploitation and radicalisation enabling pupils to become safe and responsible users of technologies and the impact of new technologies on sexual behaviour, for example sexting and accessing pornography
- enabling pupils to develop knowledge, skills and attitudes consistent with the promotion of British values
- recognising how pressure from others can affect their behaviour, including the risks of radicalisation to extremist behaviour
- ensuring pupils have the opportunity to discuss controversial issues and develop tolerance and respect for others
- making available appropriate local and online advice

Additional aspects of safeguarding included in the curriculum are risks associated with:

- substance misuse
- gangs and youth violence
- mental health
- water, fire, roads and railways

The Academy has updated the curriculum aspects of related policies to ensure that they are aligned to our child protection policy. This includes the Academy's online safety, relationships and sex education, substance misuse, smoke-free, equalities and anti-bullying policies.

The school recognises the statutory duty, since April 2014, to publish information about the content of our PSHE curriculum on our school website.

The school has acknowledged that Relationships and Sex Education (RSE) and Health Education became statutory in all schools from July 2020 and is working towards embedding a whole school approach that will safeguard all pupils and meet the [statutory requirements](#):

The Academy recognises the importance of using age appropriate curriculum resources and ensuring that there is a safe climate for learning which includes the setting of ground rules.

Parents /carers are invited to view any resources and discuss any concerns they have over any curriculum content within our PSHE curriculum provision. Arrangements can be made by contacting Miss G Leybourne , Curriculum leader in the first instance.

Training needs of staff are regularly reviewed to ensure that staff delivering safeguarding aspects of PSHE or online safety have the appropriate knowledge and skills.

The Academy monitors and evaluates the impact of the safeguarding taught curriculum provision through our school based monitoring and evaluation processes. This includes lesson observation, work scrutiny, feedback from pupils, staff and parents/carers.

The Academy's arrangements for consulting with and listening to pupils are through the Local Authority survey, open door policy by pastoral staff, and well-advertised routes to reporting incidents to the DSL staff, tutors and other pastoral staff.

We make pupils aware of these arrangements by the programme of safeguarding information sessions in Tutor time, Assemblies and Specialist Days.

Appendix E - Partnership with Parents and Carers

The Academy shares a common purpose with parents to keep children safe from harm and to have their welfare promoted. Additional information is available either through contacting the school, parents contacting One Point directly through First Contact (03000 267979) or by seeking advice and support at Parents' evenings where we also invite additional services, such as the school nursing service, to attend. Further information is also available via the internet we would suggest the following:

[Durham Safeguarding Children's Partnership](#)

[NSPCC](#)

[CEOP](#)

[Internet Matters](#)

[Parent Zone](#)

[Childnet](#)

We are committed to working with parents positively, openly and honestly. We ensure that all parents are treated with respect, dignity and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it is necessary to do so in order to protect a child.

- School will share with parents any concerns we may have about their child unless to do so may place a child at risk of harm.
- We encourage parents to discuss any concerns they may have with Pastoral staff, tutors or DSL staff.
- The child protection policy should be available publicly either via the school or college website or by other means.
- We make parents aware of our policy via parent information videos and the school website.

Appendix F - Partnerships with other agencies

The school recognises that it is essential to establish positive and effective working relationships with other agencies (e.g. First Contact, One Point, Police, Health, Local Authority, NSPCC, ChildLine, Schools' Service, National Youth Advocacy Service, Children's Centres etc.)

Woodham Academy should allow access for children and family service staff from the host local authority and, where appropriate, from a placing local authority, for that authority to conduct, or to consider whether to conduct, an assessment including under section 17 or section 47. Consent from the parent and child (where of sufficient age and understanding) is required for assessments by the prevention service or under section 17.

The Academy complies with the requirement under the Children Act 2004 to co-operate with other organisations and agencies in activities relating to children.

Appendix G - Peer abuse including Sexual Violence and Harassment

The Academy recognises that children are capable of abusing their peers, that this can manifest itself in many ways and may reflect gender issues. Where there are concerns or allegations of peer abuse, the procedures and guidance in this policy will be followed, in the same way as if the matter was in respect of abuse by an adult.

Sexual violence and sexual harassment involving children at the school is a form of peer on peer abuse. Sexual violence involves the criminal sexual offences defined in the Sexual Offences Act 2003. Sexual Harassment is defined as unwanted conduct of a sexual nature and can include online behaviour. Neither

is acceptable and will not be tolerated by the Academy. The Academy takes all such reports seriously and they will receive the same high standard of care that any other safeguarding concern receives. A multi-agency approach will be undertaken when responding to all such complaints; the Academy will always take immediate action to protect children despite the actions of any other agency. These actions may include an immediate risk assessment in respect of the needs of the child victim and will address any risks identified to any child in respect of an alleged perpetrator of sexual violence or sexual harassment to ensure children are protected from harm. Any risk assessment will be fluid and may change to reflect any developments during the management of the case.

All such reports will be managed by the Designated Safeguarding Lead. There are a number of options the school may consider in respect of the management of a report of sexual violence or sexual harassment between children and each case will receive an appropriate bespoke response once all the facts are known. Irrespective of any potential criminal outcome, the Academy has a duty to safeguard all children and may deal with any such report on a balance of probability basis when considering the outcomes for children involved. Should an outcome involve a move to an alternative school for any child then full information sharing of the case will be undertaken with the Designated Safeguarding Lead professional at that school. National guidance is available [here](#).

Concerns or allegations of all forms of peer abuse must be reported to the DSL, who will have regard to the DSCP child protection guidance and procedures and make referrals in respect of both the alleged victim and the alleged perpetrator, where appropriate. Where the concerns are of a sexual nature the DSL will have regard to the Local Authority guidance and can ask for advice from Tracy Tait, Equalities Education Team Leader. Harmful Sexual Behaviour Education Contact. Equalities and Interventions: Equalities & Gypsy, Roma, Traveller Education Team

SEND & Inclusion, Children & Adults Services, Broom Cottages Primary
School | Ferryhill | Durham | DL17 8AN
Mobile: 07887 634202, general office: 03000 267 800 email: tracy.tait@durham.gov.uk

Wherever concerns of peer abuse arise the DSL will undertake an immediate risk assessment and put all necessary measures in place to ensure that the alleged victim, perpetrator and all children in the school are safeguarded and their welfare is supported.

Where there are concerns or allegations of youth generated sexual imagery, (often referred to as 'sexting') these must always be reported to the DSL, who will have regard to the 2020 UK Council for Internet Safety & Department for Digital, Culture, Media & Sport guidance: '[Sharing nudes and semi-nudes: advice for education settings working with children and young people](#)'

The DSL, having had regard to this guidance, will make referrals to police and First Contact where appropriate.

The Academy will make every effort to minimise the risk of peer abuse by teaching pupils, in an age appropriate way about: how to recognise, understand and build healthy relationships; self-respect and respect for others; commitment; tolerance; boundaries; consent; how to manage conflict; and how to recognise unhealthy relationships.

Woodham Academy has a comprehensive Relationships and Sex Education programme taught in curriculum areas and through Specialist Days, we have regular safeguarding assemblies and information sessions on a range of safeguarding and child protection issues such as on-line safety, anti-bullying, cyber bullying and hate crimes

Staff receive annual training on Safeguarding and Child protection issues. Staff must read and respond that they understand the Child Protection Policy, KCSIE 2020. They are also made aware of PREVENT issues and acceptable use of ICT.

Appendix H - Prevent

In order to fulfil the Prevent duty, it is essential that staff are able to identify children who may be vulnerable to radicalisation, and know what to do when they are identified. Protecting children from the risk of radicalisation is seen as part of schools' wider safeguarding duties, and is similar in nature to protecting children from other harms (e.g. drugs, gangs, neglect, sexual exploitation), whether these come from within their family or are the product of outside influences.

Schools can also build pupils' resilience to radicalisation by promoting fundamental British values and enabling them to challenge extremist views. The Prevent duty is not intended to stop pupils debating controversial issues. On the contrary, schools should provide a safe space in which children, young people and staff can understand the risks associated with terrorism and develop the knowledge and skills to be able to challenge extremist arguments.

Roles and responsibilities:

- The strategic Prevent lead in school is Mrs Kelly Reynolds as it is considered to be a Safeguarding issue
- If not the DSL, they liaise with the DSL at all times
- They understand the expectations and key priorities to deliver Prevent and this is embedded within safeguarding procedure
- The senior leadership team and governing body are aware of the Prevent Strategy and its objectives
- There is a clear awareness of roles and responsibilities throughout the school setting regarding Prevent
- The Prevent agenda and its objectives has been embedded within the appropriate

safeguarding processes

- The Academy's premises do not give a platform for extremist speakers and events
- The Academy provides a broad and balanced curriculum that promotes fundamental British values and Spiritual, Moral, Social and Cultural Education (SMSC), helping protect pupils against extremism and developing strong community cohesion

Training:

- A training plan is in place so that key staff, including senior leaders, understand the risk of radicalisation and extremism and know how to recognise and refer children who may be vulnerable
- Details of training courses including frequency and availability are cascaded to all relevant staff
- Further training on the Prevent agenda, such as around Far Right Extremism is made available to the Safeguarding, pastoral and PSHE leads where appropriate
- There is appropriate staff guidance and literature available to staff on the Prevent agenda
- Staff are aware of curriculum resources and teaching strategies to teach pupils about extremism and the risk of radicalisation
- All staff in the organisation have accessed appropriate prevent training for their role

The Home Office e-learning training package on Prevent is available [here](#). Staff have access to Prevent training both at induction and as part of a cycle of safeguarding training.

Referrals:

- An appropriate internal Prevent risk assessment and referral process is in place
- All staff including the Prevent lead/ DSL follows the DSCP procedures <http://www.durham-scp.org.uk/professionals/multi-agency-safeguarding-arrangements/prevent-counter-terrorism/>
- Partner agency communication channels are in place
- An audit trail for notification reports/referrals exists
- Prevent referrals/notifications are managed or overseen by The Prevent lead
- A process is in place to identify and develop 'lessons learnt'

Concerns over radicalisation should be referred as a Child Protection issue in the first instance to First Contact: 03000 267979

Appendix I - Child Criminal Exploitation: County Lines

The Academy recognises that criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs. The Academy will consider whether a referral to the National Referral Mechanism (NRM) should be undertaken in order to safeguard that child and/or other children. National NRM referral available [here](#) and County Lines

guidance available [here](#).

Appendix J - Pupil Information

In order to keep children safe and provide appropriate care for them the school requires accurate and up to date information regarding:

- names (including any previous names), address and date of birth of child
- names and contact details of persons with whom the child normally lives
- names and contact details of all persons with parental responsibility (if different from above)
- emergency contact details (if different from above), ensuring that if the person(s) with parental responsibility is unable to collect this person, who could collect the child and keep them safe until either the person(s) with parental responsibility is available or a more suitable arrangement is made. The Academy encourages all parents and carers to provide more than one emergency contact, providing the Academy with additional options to make contact with a responsible adult when a child missing education is identified as a welfare and/or safeguarding concern
- details of any persons authorised to collect the child from the Academy (if different from above)
- any relevant court orders in place including those which affect any person's access to the child (e.g. Residence Order, Contact Order, Care Order, Special Guardianship Order, Injunctions etc.)
- if the child is or has been subject to a Child Protection Plan
- name and contact detail of key persons in other agencies, including GP
- any other factors which may impact on the safety and welfare of the child

The Academy will collate, store and agree access to this information on the Academy's On-Line Child Protection Online Management System (CPOMS). Additional information can be found at: <http://www.durham-scp.org.uk/professionals/missing-and-exploited-children/child-criminal-exploitation-cce/>

Appendix K - Related School Safeguarding Policies

Safeguarding is not just about protecting children from deliberate harm (child protection). It includes:

- protecting children from maltreatment
- preventing impairment of children's health or development
- ensuring that children are growing up in circumstances consistent with the provision of safe and effective care
- taking action to enable all children to have the best outcomes

Safeguarding action may be needed to protect children and learners from:

- neglect
- physical abuse
- sexual abuse
- emotional abuse
- racist, disability and homophobic, transphobic and biphobic abuse
- gender-based violence/violence against women and girls
- radicalisation and/or extremist behaviour
- child sexual exploitation and trafficking
- child criminal exploitation and county lines
- the impact of new technologies on sexual behaviour, for example Youth Produced Sexual Imagery, (sexting) and accessing pornography
- teenage relationship abuse
- peer on peer abuse
 - bullying (including cyberbullying and prejudice-based bullying)
 - physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm;
 - sexual violence and sexual harassment
 - sexting (also known as youth produced sexual imagery)
 - initiation / hazing type violence and rituals.
- substance/drug misuse
- issues that may be specific to a local area or population, for example gang activity and youth violence
- domestic abuse
- So called 'honour –based' violence
 - female genital mutilation
 - forced marriage
- faith abuse
- fabricated or induced illness
- mental health issues
- poor parenting, particularly in relation to babies and young children

It relates to aspects of care and education, including:

- children missing from education
- children with family members in prison
- homelessness
- children's and learners' health and safety and well-being including their mental health
- meeting the needs of children who have special educational needs and/or disabilities
- the use of reasonable force
- meeting the needs of children and learners with medical conditions
- providing first aid
- alternative provision
- intimate care and emotional well-being
- online safety and associated issues
- appropriate arrangements to ensure children's and learners' security, taking into account the local context.

- children not collected from school
- lost children

It relates to other policies including:

- Complaints
- Attendance
- Admissions
- Teaching and learning
- Data Protection (GDPR)
- Medicines in schools
- Staff Code Of Conduct procedure
- Whistleblowing
- Student ICT user
- Educational Visits

Appendix L - Safer Recruitment and Selection

The Academy pays full regard to DfE guidance *Keeping Children Safe in Education 2020*; the Protection of Freedoms Act 2012; the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018 under S75 of the Childcare Act 2006

We ensure that all appropriate measures are applied in relation to everyone who works in or on behalf of the school who is likely to be perceived by the children as a safe and trustworthy adult.

Safer recruitment practice includes scrutinising applicants, verifying identity and academic or vocational qualifications, obtaining professional and character references, checking previous employment history and ensuring that a candidate has the health and physical capacity for the job. When undertaking interviews, the Academy has regard to the principles of Value Based Interviewing, guidance can be accessed via [NSPCC](#). There will always be member of the interviewing team that has completed Safer Recruitment Training.

Where appropriate, the school undertakes checks of/has regard to:

- the Disclosure and Barring Service (DBS)
- the Teacher prohibition list
- the requirements of the Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018 under S75 of the Childcare Act 2006
- any Section 128 direction (Academies, Independent and Free Schools)
- the section 128 direction for maintained school governors. A section 128 direction disqualifies a person from holding or continuing to hold office as a governor of a maintained school. When proposing to recruit a Governor, schools should use the Secure Access Portal to check whether

the person is barred as a result of being subject to a section 128 direction. It is recommended that this check is recorded and dated on the school Single Central Record (SCR)

All the Academy staff are made aware that they are required to notify their line manager of any convictions or cautions during employment with the Trust or if they receive a Penalty Notice for Damage or a Penalty Notice for Disorder. For those who drive on business at any point during their employment (Trust's vehicle or own vehicle), this includes all motoring offences dealt with through the courts and penalty points on driving licences - whether awarded by a court or through fixed penalty notices.

Where staff move from positions that are not providing education into a new position where they are, then they will be treated as a new member of staff and all appropriate checks for the post carried out.

The Academy keeps a single central record detailing a range of checks carried out on their staff (including supply staff, and teacher trainees on salaried routes) who work at the Academy.

Statutory requirements are such that:

- an Enhanced DBS check is obtained for all new paid appointments to the Academy's workforce
- an Enhanced DBS check is obtained for volunteers further to a risk assessment considering the regularity, frequency, duration and nature of contact with children and the level of supervision of the volunteer by another person engaging in regulated activity (see paragraphs 183-188 and Annex F KCSIE 2020)
- the Academy will satisfy themselves that any contracted staff are DBS checked where appropriate (see paragraphs 196-199 KCSIE 2020)
- the Academy will ensure that a check of any teacher prohibitions, including interim orders, is made on all teachers (see paragraphs 142-143 KCSIE 2020)
- the Academy will ensure a check of any Section 128 direction
- all new appointments to the Academy workforce who have lived outside the UK are subject to additional checks as appropriate (see paragraphs 172-173 KCSIE 2020)
- the Academy will satisfy themselves that agency and third-party staff have undergone the necessary checks by seeking confirmation from the relevant employer (see paragraphs 174-175 KCSIE 2020)
- identity checks must be carried out on all appointments to the Academy workforce before the appointment is made
- for volunteers, the Headteacher will undertake a risk assessment to decide whether to obtain an enhanced DBS certificate for any volunteer not engaging in regulated activity. The Headteacher has considered the nature of the work with children; what is known about the volunteer, including formal or informal information offered by staff, parents and other volunteers; whether the volunteer has other employment or undertakes activities where referees can advise on suitability; and whether the role is eligible for an enhanced DBS check. Details of the risk assessment will be recorded.

Childcare Disqualification

For staff who work in childcare provision or who are directly concerned with the management of such provision, schools need to ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations.

<http://www.legislation.gov.uk/uksi/2018/794/contents/made>

Since 1 January 2010 it has been mandatory that any appointments of maintained school staff are made by a recruitment panel that includes at least one person who has been trained in safer recruitment. Ofsted will request evidence as part of their inspections that each recruitment panel meets this requirement.

Visitors

“Schools do not have the power to request DBS checks and barred list checks, or ask to see DBS certificates, for visitors (for example children’s relatives or other visitors attending a sports day). Head teachers and principals should use their professional judgment about the need to escort or supervise visitors.”

KCSIE 2020

Appendix M - Safer Working Practice

“All staff should be aware of systems within their school or college which support safeguarding and these should be explained to them as part of staff induction. This should include the:

- child protection policy;
- behaviour policy;
- staff behaviour policy (sometimes called a code of conduct);
- safeguarding response to children who go missing from education;
- role of the designated safeguarding lead (including the identity of the designated safeguarding lead and any deputies).

Copies of policies and a copy of Part one of this document should be provided to staff at induction.”

KCSIE 2020

Staff behaviour policy

The Academy is required to have in place a staff behaviour policy, (sometimes called a code of conduct). The Academy adopts and makes all staff and volunteers aware on induction of the *Guidance for Safer Working Practice for those working with Children and Young People in Education Settings* can be accessed [here](#). In addition the information provided by the [NSPCC](#) to ensure that staff are aware of behaviours which should be avoided and that staff and children are safe.

Safer working practice ensures that pupils are safe and that all staff:

- are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions
- work in an open and transparent way
- discuss and/or take advice from school management over any incident which may give rise to concern
- record any incidents or decisions made
- apply the same professional standards regardless of gender or sexuality
- are aware that breaches of the law and other professional guidelines could result in criminal or disciplinary action being taken against them

Appendix N - Staff Induction and Training

The Academy governors and proprietors are responsible for ensuring that staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children and creating an environment where they feel able and are supported in their safeguarding role.

Schools should, through training needs analysis, determine what level of training individual staff will require, depending on their roles and responsibilities.

Staff must be able to:

- understand the policy and procedures
- understand individual staff responsibilities to ensure that concerns for the safety of a child are effectively addressed
- identify signs of possible abuse and neglect at the earliest opportunity
- be aware of and understand their role in the early help process
- respond to concerns in a timely and appropriate way
- communicate appropriately with children
- understand the role of the DSL
- be aware of external avenues for notifying concerns including the use of escalation and whistle-blowing procedures
- comply with record-keeping requirements
- recognise grooming behaviour by adults including inappropriate sexual comments; excessive one-to-one attention or inappropriate sharing of images
- recognise normal and concerning sexual behaviours of children
- have up to date knowledge of safeguarding issues
- understand the requirements of the Prevent duty on protecting children from radicalisation
- recognise the unique risks associated with on line safety
- recognise the additional risks that children with SEN and disabilities face online
- understand the safeguarding response to children who go missing from education

Induction

All staff (including temporary staff, school governors and volunteers) are provided with the school's child protection policy, the behaviour policy, the staff behaviour policy (code of conduct), information on the safeguarding response of children who go missing from education and informed of school's child protection arrangements including the role and identity of the DSL and any deputies.

They should undergo safeguarding and child protection training (including on line safety).

All staff should read and understand at least part one of Keeping Children Safe in Education 2020 and all leaders and staff who work directly with children should read Annex A of Keeping Children Safe in Education 2020.

Staff training

In addition to the training at induction, staff training should be regularly updated.

All staff should also receive regular safeguarding and child protection updates (for example via email, e-bulletins, staff meetings) as required, and at least annually, to provide them with the relevant skills and knowledge to safeguard children effectively.

DSL Training

The designated safeguarding lead and any deputies should undergo training to provide them with the knowledge and skills to carry out the role. The training should be updated every two years.

In addition to their formal training, their knowledge and skills should be updated (for example via e-bulletins, meeting with other DSLs, or taking time to read and digest safeguarding developments), at regular intervals and at least annually to keep up with any developments relevant to their role.

Child Protection Training Resources

Training for DSLs and staff can be accessed via DSCP or Durham Local Authority, or any other suitable alternative provider/s.

NSPCC Courses can be accessed [here](#)

School Governors

In addition to undertaking safeguarding and child protection training, governors should also undertake training to ensure they are familiar with their responsibilities for the management of safeguarding as detailed in part two of KCSIE 2020.

Appendix O - Supervision, Support and Advice for Staff

All staff are given sufficient time, funding, supervision and support to fulfil their child welfare and safeguarding responsibilities effectively.

At Woodham Academy, members of the Senior Leadership team are available to offer support, coaching and training for staff. The Academy promotes the interests of children and fosters a culture of mutual support, teamwork and continuous improvement which encourages the confidential discussion of sensitive issues.

Support can provide opportunities for staff to:

- discuss any issues – particularly concerning children’s development or wellbeing;
- identify solutions to address issues as they arise; and
- receive coaching to improve their personal effectiveness.

Regular staff appraisals are carried out to review their practice to ensure they improve; identify any training needs and secure opportunities for continued professional development for staff.

Additional support for staff can be provided through speaking to David Coates, Business Manager.

Appendix P - Alternative Provision

This Academy is committed to safeguarding our children even if they are placed in alternative provision for a period of time within the school day/week. Where we place one of our pupils with an alternative provision provider, we continue to be responsible for the safeguarding of our pupil. We therefore seek written reassurance that any Alternative Provision provider has acceptable safeguarding practices in

place including; their response to concerns about a child; safer recruitment processes; attendance and child missing education procedures; and appropriate information sharing procedures. The Academy will also obtain a written statement from the provider that they have completed all the vetting and barring checks that are necessary on their staff.

When organising work placements, the school will ensure that the placement provider has policies and procedures in place to safeguard pupils.

Appendix Q - Work Experience

When we organise work experience placements we will ensure that the placement provider has policies and procedures are in place to protect our pupils from harm.

Barred list checks by the DBS might be required on some people who supervise a child under the age of 16 on a work experience placement. We will consider the specific circumstances of the work experience placement. Consideration will be given in particular to the nature of the supervision and the frequency of the activity being supervised, to determine what, if any, checks are necessary. These considerations would include whether the person providing the teaching/training/instruction/supervision to the child on work experience will be:

- unsupervised themselves; and
- providing the teaching/training/instruction frequently (more than three days in a 30 day period, or overnight)

If the person working with our pupil is unsupervised and the same person is in frequent contact with our pupil, the work is likely to be regulated activity. If so, we will ask the employer providing the work experience to ensure that the person providing the instruction or training is not a barred person.

We are aware that we are not able to request an enhanced DBS check with barred list information for staff supervising our pupils who are aged 16 or 17 years old.

If the activity undertaken by our pupil on work experience takes place in a 'specified place', such as a school or college, and gives the opportunity for contact with children, this may itself be considered to be regulated activity. In these cases and where our pupil is 16 years of age or over, the work experience provider should consider whether a DBS enhanced check should be requested for them. DBS checks cannot be requested for children/young people under the age of 16.

Appendix R - Vulnerable children

All staff are particularly sensitive to signs that may indicate possible safeguarding concerns and follow appropriate LA guidance:

- <http://www.durham-scp.org.uk/professionals/missing-and-exploited-children/missing-children/> - if a pupil is considered to be PMOOE in the first instance contact Margot Bland School Places & Admissions Children & Young People's Services (Education), County Hall, Durham, DH1 5UJ, Telephone 03000 265902 and [National](#)

Appendix S -The Use of ‘Reasonable Force’ in Schools and Colleges

There are circumstances when it is appropriate for staff in schools and colleges to use reasonable force to safeguard children and young people. The term ‘reasonable force’ covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. ‘Reasonable’ in these circumstances means ‘using no more force than is needed’. The use of force may involve either passive physical contact, such as standing between pupils or blocking pupil’s path, or active physical contact such as leading a pupil by the arm out of the classroom.

When using reasonable force in response to risks presented by incidents involving children with SEN or disabilities or with medical conditions, schools should in considering the risks carefully recognise the additional vulnerability of these groups. Please also refer to the Academy policy on Use of Reasonable Force.

Appendix T - Host Families, homestay during exchange visits

School/college arranged homestay – suitability of adults in UK host families

When arranging a homestay, we will consider the suitability of the adults in the respective families who will be responsible for the visiting child during the stay.

In circumstances where we arrange for a visiting child to be provided with care and accommodation in the UK (including where we engage a company to make those arrangements) in the home of a family to which the child is not related the responsible adults will be engaging in regulated activity for the period of the stay. In such cases and where we have the power to terminate such a homestay we are the regulated activity provider.

Where the child’s parent(s) or a student themselves arranges their own homestay, this would be a private arrangement therefore we would not be the regulated activity provider

When we arrange a homestay we will consider what intelligence/information will best inform our assessment of the suitability of the adults in those families who will be responsible for the visiting child during the stay and use our professional judgement to decide what is relevant. We will obtain a DBS enhanced certificate with barred list information.

In addition to those engaging in regulated activity, we will decide whether we consider it necessary to obtain a DBS enhanced certificate in respect of anyone aged 16 or over in the household.

Suitability of adults in host families abroad

It is not possible to obtain criminality information from the DBS about adults who provide homestays abroad. We will liaise with partner schools abroad, to establish a shared understanding of, and agreement to the arrangements in place for the visit. We will use professional judgement to satisfy ourselves that the arrangements are appropriate and sufficient to safeguard every child who will take part in the exchange and make parents aware of agreed arrangements.
