N.B. It is now a legal obligation for schools to have spare inhalers for any pupil who has asthma. Please provide the school with a spare inhaler so we can adhere to this new government legislation.

Regular Treatment

Name of Treatment / device?
When is it taken?

Should treatment be used before exercise? Yes No

Emergency Treatment

For sudden shortness of breath, wheeze, cough or tight chest, and when symptoms do not reduce with regular treatment, please advise of your child's emergency plan.

--

The student is responsible for self-administrating and carrying their personal inhaler at school.
